Add any listing to your blog, website or social network

If you would like to promote a listing online with you as the presenter of the listing, you can use the IDX feature from your HAR website.

Here is how...

1. Log in at HAR.com
2. Select MY, MEMBER WEBSITE
3. Scroll down to the bottom middle of the page under Additional Tools and select the IDX Console link
4. Select the ALL MLS LISTINGS HOMEFINDER link

Add your unique website link to your Favorites in order to access it easier in the future:

1. Select FAVORITES on the Internet Explorer menu bar
2. Select ADD TO FAVORITES
3. Rename the Name of the link with your name (Example: Susan IDX)
4. Select the ADD button

Copy the unique website address that features any listings on HAR

1. Using your unique IDX website address, search for any listing.
2. Select the View Details link or image of the property.

Copy the link: The website address for the listing includes your license number. This is a unique website address that shows you as the presenter of the listing and filters out the listing agent. The listing broker will be present at all times.

1. Select the website address.
2. RIGHT CLICK on the selected address and select COPY.
3. Go to your social networking area, blog or non-HAR website and paste the IDX link.
